Grants:

- McNamara, T. & Friberg, J. (February 2014). *Effects of social stories on decreasing undesirable behaviors in children with an educational/medical diagnosis other than autism spectrum disorder*. Proposal re-submitted to the National Institutes of Health to fund research into the efficacy of social story use in various populations of children with developmental disorders. Budget request: \$500,000 (ISU sub-award - \$154,229). Funding denied.
- Friberg, J. & Harbers, H. (October 2013). *A cross-curricular approach to improving student learning in communication sciences and disorders*. Proposal submitted to the Center for Teaching, Learning and Technology to fund research seeking to understand the impact of collaborative, multi-course projects on students' clinical and theoretical learning outcomes. Budget request: \$2000. Funding awarded.
- McNamara, T. & Friberg, J. (October 2012). *Effects of social stories on decreasing undesirable behaviors in children with an educational/medical diagnosis other than autism spectrum disorder*. Proposal submitted to the National Institutes of Health to fund research into the efficacy of social story use in various populations of children with developmental disorders. Budget request: \$500,000 (ISU sub-award - \$148,360). Funding denied.
- Friberg, J. & McGill, C. (October 2012). *Community Engagement Learning Grant*. Funding requested to purchase children's books for a home-based literacy program for low-income preschoolers enrolled in Head Start. Budget request: \$500. Funding awarded.
- Doepke, K., Borders, C., Friberg, J., Merriman, L., McCord, K., & Standen, S. (September 2012). *Development of multi-modal reading comprehension interventions for students with autism spectrum disorder*. Proposal resubmitted to the Institute of Education Sciences to develop and pilot test a reading comprehension intervention program for school-aged children with autism. Budget request: \$1.5 million. Funding denied.
- Doepke, K., Friberg, J., McCord, K., & Borders, C. (September, 2011). Funding requested from the Institute of Education Sciences to develop and pilot test a reading comprehension intervention program for school-age children with autism. Budget request: \$1.2 million. Funding denied.

- Harbers, H. & Friberg, J. (October 2011). *Use of iPad technologies to support teaching and learning in communication sciences and disorders*. Teaching and Learning Development Grant proposal through the Center for Teaching, Learning, and Technology at Illinois State University. Funding requested to complete a service learning project based on use of iPad technologies to support language intervention. Budget request: \$1969. Funding awarded.
- Doepke, K., Friberg, J., McCord, K., & Borders, C. (April 2011). *Cross-disciplinary grant development award*. Funding requested from Illinois State University's Office of Research and Sponsored Programs to support the development of a large, external grant application to the Institute of Education Sciences. Budget request: \$16,000. Funding awarded.
- Illinois State University. (March 2011). *Improving treatment opportunities for central Illinois families who have children with autism spectrum disorder*.
